

New Life CHRISTIAN ACADEMY

NLCA VISION

NLCA exists to disciple everyone under our care in the whole counsel of God. Our God given vision consists of supplying the solid foundation of Christ to children from kindergarten all the way through twelfth grade.

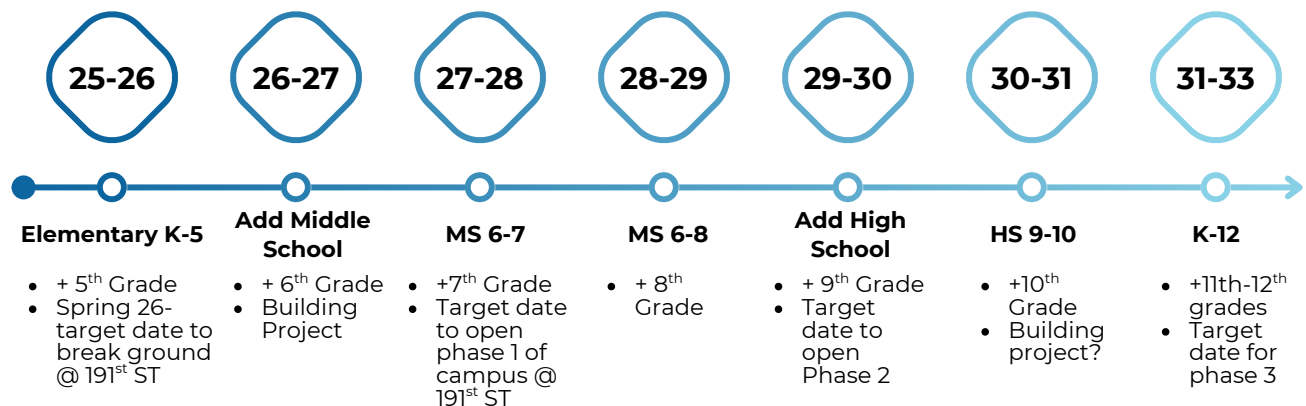

MISSION STATEMENT

New Life Christian Academy's mission is to support believing families in the discipling of their children through a Christ-centered education. NLCA will accomplish this by helping students learn God's ways, apply Biblical truths, and develop a personal relationship with Jesus through the Holy Spirit.

Vision Key Points:

- ★ All students will have the opportunity to graduate 12th Grade.
- ★ A combination of current church location, faith partners in the community, and construction of stand alone school building are all parts of how K-12 will be accomplished within 10 years or less.
- ★ While children may have their entire childhood schooling at NLCA, our aim is to not shelter children but to teach practical Christianity that can be used whenever they are in public.
- ★ Our students have access to public school extra curriculars such as athletics, even while attending NLCA.
- ★ 2025: Class of 2033 becomes the first class of NLCA middle school
May 2026: Construction begins on stand-alone elementary school to increase outreach in the community.
August 2027: Target date to begin classes at new campus.

Projected Growth Timeline
